## Corporate Business Profile

---

### COMPANY OVERVIEW

**Simrheam Integrated Services** (RC: BN 2398464) is a forward-thinking, multi-disciplinary Nigerian enterprise delivering integrated solutions across five key sectors:

- Information Technology (IT) Solutions
- Physical Address Verification
- Phone & Computer Hardware Sales and Repairs
- Haulage and Supply of Building Materials
- General Merchandise

Since our incorporation in 2016, Simrheam has consistently delivered high-impact, client-focused services tailored to individuals, SMEs, large corporations, and public institutions across Nigeria.

We combine digital innovation, field service infrastructure, and strategic sourcing to address the diverse challenges of our clientele, with operations spanning all 36 states and the FCT.

---

### VISION

To become a respected leader in integrated business services in Nigeria and West Africa, driving value through innovation, trust, and operational excellence.

---

### MISSION

To deliver reliable, scalable, and technology-driven solutions across our business verticals by leveraging skilled personnel, customer insight, and best-in-class practices.

---

## CORE VALUES

- **Integrity** – We build lasting trust through honesty and consistency.
  - **Innovation** – We embrace creativity and new ideas to solve real-world problems.
  - **Professionalism** – We maintain excellence and diligence in every engagement.
  - **Customer-Centricity** – Every solution begins with understanding our client's needs.
  - **Accountability** – We take ownership of our performance and commitments.
- 

## DOMAIN OF SERVICES

---
